Product Description

Pre-Owned 2020 Gravely Pro-Turn® Mach One 60" Kawasaki® FX921V

Overgrown properties, stalky grasses, and wet conditions are no match for the MACH ONE. The tunnel deck directs clippings away from the blades, keeping them from getting bogged down.

Features may include:

High-Volume Output (HVO) Deck

The HVO deck provides increased depth from trim side to discharge side processing greater material volume.

CBT System

Our exclusive Constant Belt Tension (CBT) system ensures that belt tension is constant, keeping the blade tip speed and cutting results consistent.

Tunnel Deck

Puts blades four inches back from the leading edge to lift grass before being cut.
